He is a Renaissance Man! His skill set and attitude about everything was Grade A. His work ethic is beyond reproach. Kim was so good with my wife to help guide her through the selection process and offer her expertise. She ended up spending a lot of time with my wife and I m sure its more than what she thought it would be but she never uttered a word. They really understand the concept that doing even a small bathroom project or two takes time and we were thrilled with the results</p>	0	1	2	3	4
